## Clearing Your Personal Space

Our lives have become increasingly full of busy-ness; meeting the demands of our family, friends, work.... Our personal space can be under constant stress with expectations from ourselves and others.

**Try this exercise to clear your personal space from the distractions around you and other people's energy:**

1. Connect to the Divine (suggest closing eyes, focus on your breathing, saying the Lord's Prayer or whatever feels right for you)
2. Scan your own energy (imagine standing in front of a mirror. Notice any colours around your body, from head to toe). NB. Colours represent other peoples thoughts, energy and emotions in your personal field.
3. Ask for Divine Light to clear all other peoples thoughts from you (observe Light shining through the top of your head down to your feet, dissolving all other colours).
4. Ask for Divine Light to send all other peoples emotions to where they came from, as in step 3.
5. Ask for Divine Light to send all other peoples spiritual energy to where they came from, as in step 3.
6. Call for your own Thoughts, Emotions and Spiritual Energy to come back.
7. End with a simple grounding, such as wiggling your toes, awareness of your surroundings and deep breathes.

# Travel to John of God

The 'Miracle Man'  
from Brazil

“Daughter, you are now free from *the spider*”

John of God, 2003

**John of God refers to cancer as “*the spider*” because of the way it spreads like a web.**

“I got out of hospital and stayed in bed for almost 2 months. I was told I should go home and make the most of each day (left). During this time, our electricity and gas were cut off, I was in bed recovering from surgery, all our spare money was going into the mortgage and vitamin supplements, and our children were still in school. We didn't have much left for anything else. We had a lot of friends before my illness. It was a very trying time for us; I was trying to recover from surgery and my emotions were all over the place. I missed my friends.

Somebody *up there* was saying “Wake-up, Wake-up!” This time I decided to listen.

On the 25<sup>th</sup> of March, 2001 I went to Brazil to see **John of God**. Two years later, my oncologist in Sydney was speechless when he confirmed I was free of *the spider*.
